Student has a clear understanding of the postsecondary path involved to obtain specific career goals.	Student has some knowledge of the business and some understanding of postsecondary programs & education.	Student has little understanding of the business and how to pursue postsecondary programs in the field.

Student Reflection:

What did you learn through your participation in the ELO? Give specific examples.

I learned all about sensory integration and how it affects everyday aspects of our lives. I also was able to learn a little bit about how an office runs.

Faculty Sponsor Comments:

I don't often learn a lot from the ELO's I supervise, but Julie has embraced this opportunity and done great work!

Overall Score: X 3 2 1

Faculty Sponsor: X Pass Fail Credit Granted 1
