

2018 EDD Parent Evaluation Rubric	BioCut	Disconnect	Mini Split	Thermos	Endo-Exo	Circuits	WorkIt
<p>Please Rate each question on a scale of 1 to 5 with 1 needs improvement and 5 is exemplary.</p>							
<p>1. Is the investigation guided by a real world problem that shows validation by a third party, research or survey?</p>							
<p>2. Is a design proposed a possible answer to the problem statement?</p>							
<p>3. Information Presentation and Analysis can be understood without any background in area?</p>							
<p>4. Data Collected and presented in an easy to understand manner?</p>							
<p>5. Each team member spoke / contributed to the presentation?</p>							
<p>6. Did the student(s) measure and present quantitative data?</p>							
<p>7. Science and Engineering concepts - Laws, rules and conventions demonstrated in the solution?</p>							
<p>8. Was a working prototype developed and displayed?</p>							
<p>8. Is the project presented in a manner that makes the purpose, procedure, and results clear?</p>							

9. Project Summary and Results - Outcome and results thoroughly explained?				
10. Next Steps. If they were to have more time, did they explain what would they continue with, correct, or revise to make the project better?
