

Field trip assignment

Tomorrow we will be visiting the art museum at the Paul Creative Arts Center (PCAC) at UNH. Each of you can bring a notebook (or if the museum curator gives us permission, you can use your phones to take a photo and notes). Take some notes on 2-3 of the pieces of art that move you in some way. Maybe it is vibrant color. Maybe there is a message that you strongly agree with (OR disagree with). Maybe you are simply struck by the beauty of a piece or the technical skill needed to bring it to life.

When we get back to school, you will use the image to inspire the next poem you write. You can use any style of poetry that we have studied. Once you have completed the poem, write a quick paragraph reflecting on why you chose the style of poetry you chose, and how you tried to share your appreciation for that piece of art.
